

2010 EVENT REVIEW

Posted March 30, 2010

(Atlanta, GA)

The 5th Annual SEBA Atlanta College Showcase was at full capacity with 160 players representing all areas of the Peach State as well as players attending from Florida, Tennessee, Alabama, South Carolina, North Carolina, Ohio, Virginia, Illinois, and New York.

The camp featured a large number of high quality and available 2010 Senior prospects, as well as some very promising 2011 and 2012 high school junior and sophomore talent. In addition, there were several Juco and 5th year Prep players on the roster looking to advance to the next level. All of the players were eager to compete and demonstrate their talent to the large number of college coaches in attendance at the event.

The Showcase featured a full day of basketball action. The event began with all players participating in fundamental drills stations conducted by some of the region's top coaches/instructors. All players then competed in three (3) full court 5-on-5 scrimmage games with their respective teams throughout the afternoon and early evening. The Camp then concluded with a Top 25 All-Star game; capping off a fantastic day of basketball.

We want to extend thanks to all of the High School and Travel Ball coaches throughout Georgia and the entire Southeast who supported the event. We also want to send special thanks to Joe Goydish (Walton High), Cabral Huff (St. Francis), Don Hurlburt (Etowah), Mark Edwards (FCI Warriors), James Davis, Stuart Mitchell, Warren Grayson, Tyler Murray (Shorter College), Allen Carden (Clearwater High), Derek Smith (Hillsborough Community College), and Sam O'Neal, Richard Murvin, and Walter Perkins (Brandon Bolts AAU Organization) for their assistance and work with the players. We would also like to extend a special thanks to Head Coach Phil Ponder, Assistant Coach Andrew Tulowitzky, and the Oglethorpe University Basketball program for their continued support.

Camp's Elite Performers (Super 13)

(Note: Players Listed in random order)

Keenan Peterson (6' 8, Forward, Banneker, 2010)

Rapidly improving big man with strong potential. Legit Post who looks comfortable posting up with back to basket. His footwork and interior moves have improved considerably since his appearance at the SEBA Shootout last Fall. Runs floor well. At this current stage; He is a prospective Division I player. With continued development, he has strong potential. Is the type of player that might greatly benefit from a post grad year; which could catapult him into a high priority target for a host of mid- major programs.

Weedlens Beauvill (6' 0, PG, Bartow , 2010)

Guard prospect with well rounded guard skill set. Was a four year starter and led Bartow High to the Florida Class AAAAA Championship game this past season. Demonstrates strong on court leadership as his camp team rolled over opponents. Has good looking and consistent jumper extending beyond three

point range. Strong defensive player. Attractive target for college program looking for a proven winner and competitor.

Warren Staples II (6' 3, Shooting Guard, Eagles Landing, 2010)

Athletic guard with good size and feel for the game. Can get to the basket off the drive and knock down the jumper fairly consistently. Can handle the ball well and create opportunities for himself off the bounce. Excellent communicator who was a vocal leader on the floor for his camp squad. Good looking prospect.

Alex Garay (6' 5, Forward, Etowah, 2010)

Late blooming forward who had strong showing at camp. Best asset is his rebounding ability. Scored inside paint throughout the day and seemed to have a tracking radar for offensive rebounds and putbacks. Is relatively new to organized basketball and will only continue to improve as he reaches next level.

Zachary Harmon (6' 7, Forward, Pebblebrook , 2010)

Has excellent shoulders and frame to play "power" game inside the paint. Snatched every rebound that came his way on the defensive glass and converted many offensive stickbacks. Unlike many bigs at the high school level; he isn't afraid to bang and get physical. Demonstrated some strong post moves with back to basket. Has a bright future as he continues to develop footwork and short face up jumper.

Cory Carden (5' 9, PG, Clearwater, 2010)

Pure Point Guard who is a true quarterback on the floor and makes those around him better. Prototypical "Coach's son" who understands the game and has high court IQ. Had camp team playing as cohesive unit despite having never played together previously. Good outside stroke; Can stretch the defense with his three point shot. Has good handle.

Asa Caruthers (6' 1, PG, Sandy Creek, 2010)

Very active and athletic lead guard who had a good showing throughout the day. Has ability to penetrate gaps well in the half court set as well as push the ball on the break and score in transition. Demonstrated good control and decision making. Good leaper who can finish above rim. Plays passing lanes very well, picking up several steals for baskets on the other end. Will need to improve upper body strength for next level.

Ayo Madamidola (6' 0, CG, Central Gwinnett, 2010)

Key component of Central Gwinnett team that had tremendous run to the Georgia's Class AAAAA Final Four. Ayo is a tough, rock solid guard who plays smart and has a very well balanced skill set. He has a good outside shot and has enough quickness to drive by defender on the way to the cup. Handles the ball well and sees floor. Very good on ball defender and in passing lanes. Caught the eye of several college coaches with his impressive play.

Larricus Thomas (6' 3, Wing Forward, Henry County, 2010)

Very bouncy wing who makes plays off his excellent athleticism. Seems to craves the opportunity to challenge defense while attacking the rim. On more than one occasion the result was an impressive highlight reel dunk in traffic. While his overall perimeter skill set needs to continue to improve; his overall athleticism makes him an intriguing target.

Derrick Brock (6' 4, SG/Wing, Dutchtown, 2010)

Smooth wing guard who utilizes length and athleticism to finish above the rim on both sides of floor. Demonstrated a solid midrange jumper. Good in transition. Has ability to be versatile defender at the college level. Good academic record and test scores makes him prospect to closely look at for a variety of college programs.

Aaron Robinson (5' 9, PG, Meadowcreek, 2010)

Super quick, pass first, lead guard with excellent quickness. Had the defense back on their heels throughout the day. Has good handle and distributes ball well. Excels in the open court, where he consistently makes good decisions. Continued improvement on jumper will compliment his penetration ability well and make him an even tougher player for defenses to contain. Has ability to harass opposing ball handlers with full court pressure.

Derondrell "DJ" Jenkins (6' 4, Wing, Claxton, 2011)

Very athletic wing with good length who thrived in showcase camp setting. Strong finisher who converted dunks throughout the camp. Showed versatility to play multiple positions and looked comfortable handling the ball in traffic. Knocked down the outside jumpers he attempted. Player with significant upside potential.

Rich Brown (5' 11, Point Guard, Suffolk County CC, Juco Frosh)

In a camp containing major depth at the guard position, Rich Brown was possibly the best pure point guard in attendance. The playmaker out of New York was dishing out assists left and right and constantly created good looks for his teammates. He had ten assists in his first game, which was quite impressive considering he played only half the game of a running clock contest. Has excellent court vision and a high basketball IQ. Plays within the flow of the game and does not force the action. Will make for an excellent pickup for a four year program needing a true floor general.
